Residents urged to participate in survey for 2023 Hawai'i Housing Planning Study

The County of Kaua'i Housing Agency urges residents to participate in a telephone and email survey conducted by SMS Research as part of the 2023 Hawai'i Housing Planning Study.

Surveying is underway and expected to continue through May and is necessary to gather data on housing supply and demand.

"Collecting accurate information about the housing situation on Kaua'i is critically important to assist both the County and State in shaping housing policy and directing available funding where it is most needed," said Adam P. Roversi, Housing Director for the Kaua'i County Housing Agency.

Tim Carson, President and CEO of SMS Research, understands that those contacted may be concerned about possible scams but ensures residents that the SMS housing survey will not ask for nor seek personal information.

For more information, please contact Housing Development Coordinator Steve Franco at 808-241-4419 or sfranco@kauai.gov.

If you need an auxiliary aid/service, or other accommodation due to a disability, contact Steve at the number and email above as soon as possible. Requests made as early as possible will allow adequate time to fulfill your request. Upon request, this notice is available in alternate formats such as large print, Braille, or electronic copy.
